

Custom Decorating

All of our custom pieces are painted by hand by one of our in-house artists. The cost that is illustrated in this book is the cost for us to paint that design, it does NOT include the cost of your ceramic piece!

Our turn-around times are typically 4-6 weeks, but can be longer during busy holiday seasons.

We price all of our pieces according to design difficulty and time.

General Pricing:

Small Writing (such as a name or date added to the front of a piece) +\$10

Large Writing (such as Happy Birthday, Mistletoes, a quote, birth information, etc) +\$20

Adding a Border +\$25 or more

Adding a SINGLE COLOR detail (sports team logo, bow, monogram, etc.)

no larger than 4"x4"

+\$20 or more

There are additional charges for designs brought in from other studios.

We have The Clay Spot designs available with set prices, but designs from other studios will be PRICE MATCHED to what you would pay at that studio.
